

614 range – Timetable Shift

Make: Wilkhahn

Model: Timetable Shift flip-top folding table, staggered storage possible

Design: Andreas Störiko

Model:

614 Timetable Shift

Standards:

DIN EN 527

DIN technical report 147

GS standard (safety tested)

ANSI/BIFMA X5.5

Table dimensions:

Height to top edge of table top: 73 cm

Depth x width: 80 x 160 cm, 90 x 150 cm, 90 x 180 cm, 90 x 210 cm, 100 x 160 cm, 100 x 180 cm, 100 x 200 cm, 105 x 210 cm

Barrel-shaped: outside depth / inside depth x width: 80/100 x 180 cm, 80/105 x 210 cm

Weight:

75 x 150 cm size: approx. 40.2 kg (depending on the model and design without packaging)

Description:

Mobile table range with flip-top table tops for versatile use in conference, presentation and meeting rooms, as well as in multi-purpose areas and offices

When flipped up nests into other tables, locking mechanism and staggered storage, staggered storage dimensions: approx. 20 cm required per table (staggered storage dimensions: clearance between the table tops plus one table top thickness)

Frame:

Foot section made of die-cast aluminium, coated (black or silver satin finish)

Optional: polished or bright chrome-plated

Upright made of aluminium profile coated (black or silver satin finish)

Optional: clear anodised (with foot section polished)

Optional: bright chrome-plated (with foot section bright chrome-plated)

Aluminium profile underframe, with integrated cable channel, depending on the foot section coated (silver satin finish or black).

Steel profile table top bearer, coated (black or silver satin finish)

Round steel tube draw rod, depending on foot section black or silver satin finish coating.

Lockable, height-adjustable polyamide swivel castors

Table top:

Particle board class E1

Wood lipping all the way round, optionally bullnose wood or straight lipping, with integral, impact-resilient profile in black elastomer

Edge profiles:

Table top surface:

Table top group 1 – laminate:

Table top thickness 26 mm

614 range – Timetable Shift

Laminate from Wilkhahn colour and surface samples with wood lipping in natural oiled finish

Table top group 2 – veneer:

Table top thickness 26 mm

Variation 1:

Beech, oak and ash veneer from Wilkhahn woodstain colour samples with wooden lipping, as far as possible in the same colour as the veneer

Variation 2:

Maple, walnut or elm veneer, as well as Wilkhahn mocca veneer from the Wilkhahn colour samples with wooden lipping, as far as possible in the same colour as the veneer

Veneer types:

As a standard, the veneers are produced using the slip-match method

Some specific growth features are possible

Surfaces sealed with clear lacquer:

Open-pore: oak, ash, walnut and elm veneer, as well as Wilkhahn Mocca veneer

Closed-pore: maple and beech veneer

Table top group 3: linoleum:

Table top thickness 27 mm

Linoleum from the Wilkhahn colour samples, with laminated beech lipping, natural oiled finish

Optional: A variety of customised options are available on request, shapes, dimensions, surfaces and edges available after feasibility test with Wilkhahn

Special customer designs on request after clarifying technical details with Wilkhahn

Environmental product information:

Materials used in size 70 x 150 cm: wood 53.3%, steel 11.2%, aluminium 17.7%, other metals 12.5%, plastics 5.3%

Returns, disassembly and recycling:

All components in the Timetable series are suitable for non-destructive disassembly.

In order to guarantee materials are sorted according to type, all components over 150 g in weight are labelled. No agents to protect materials, or organic halogen compounds are used that prevent recycling at a later date. A total of 94 per cent of the table can be recycled.
